Item 4 – Advisory Services

A. Firm Information

Lifeworks Advisors, LLC (“Lifeworks Advisors” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor is organized as a Limited Liability Company (“LLC”) under the laws of Michigan. Lifeworks Advisors was founded in December 2009 and is wholly-owned by Lifeworks Holdings, LLC. Ron Bullis (Partner) and Kurt Van Dyken (Partner and Chief Compliance Officer) are the majority owners of Lifeworks Holdings, LLC. Lifeworks Advisors became a registered investment advisor in May 2017. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Lifeworks Advisors.

B. Advisory Services Offered

Lifeworks Advisors provides wealth management services and strategic advice to individuals, high net worth individuals, charitable organizations, trusts, estates, pension and profit sharing plans and businesses (each referred to as a “Client”). Lifeworks Advisors offers a unique approach, which focuses on family values and vision, helping families connect their financial assets - their life’s work - with what is most important to them.

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Lifeworks Advisors’ fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Wealth Management Services

Lifeworks Advisors provides unique wealth management services to its Clients. Lifeworks Advisors investment strategy involves the development of a wealth plan that identifies the Client’s financial, family and professional goals. After identifying the Client’s goals, Lifeworks Advisors utilizes a risk-based approach in order to build out asset allocation strategies and investment portfolios for its Clients. Lifeworks Advisors strives to reduce the amount of risk in the Client’s portfolio while providing the Client with the desired amount of return in order to meet financial goals. Lifeworks Advisors’ core belief is that the Client’s investment portfolio needs to support the Client’s financial plan, and not the other way around.

Lifeworks Advisors takes a dual approach to risk. Lifeworks Advisors firstly analyzes risk from the standpoint of its Clients in determining whether the Client has a realistic idea on whether the Client will be able to meet their financial and life goals. Lifeworks Advisors then analyzes risk from the perspective of the Client’s asset allocation and investment portfolio and attempts to utilize the least amount of standard deviation and minimize the Client’s exposure to volatility.

Once a risk model and asset allocation for a Client has been developed, Lifeworks Advisors uses fundamental research approach to the selection of investments, positions, and strategies for the portfolio. Lifeworks Advisors utilizes its robust research platforms to evaluate mutual funds, exchange-traded funds (“ETFs”), individual equities, option contracts and bonds for its Clients’ portfolios. Lifeworks Advisors analyzes both the performance of the individual security as well as how it fits into the Client’s broader portfolio. Lifeworks Advisors conducts a fundamental analysis using a macro top down approach to analyze the different asset classes and then perform a bottom up analysis on each individual security or fund in the Client’s portfolio. Lifeworks Advisors will then construct a portfolio, which will mainly consist of products in equity and fixed income asset classes in order to achieve the Client’s investment goals.

The Advisor may retain certain legacy investments based on portfolio fit and/or tax considerations. Lifeworks Advisors’ investment approach is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions.

Lifeworks Advisors takes a systematic approach to rebalancing a Client's portfolio, which involves managing risk while also maintaining the Client's asset allocation model. Lifeworks Advisors believes that its systematic approach to rebalancing helps reduce emotional decision-making and increases the potential for long-term returns for the Client. Lifeworks Advisors may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Lifeworks Advisors will select, recommend and/or retain mutual funds on a fund by fund basis. Due to specific custodial and/or mutual fund company constraints, material tax consideration, and/or systematic investment plans, Lifeworks Advisors will select, recommend and/or retain a mutual fund share class that does not have trading costs, but do have higher internal expense ratios than institutional share classes. Lifeworks Advisors will seek to select the lowest cost share class available that is in the best interest of each Client and will ensure the selection aligns with the Client's financial objectives and stated investment guidelines.

Use of Independent Managers

Lifeworks Advisors will recommend that Clients utilize one or more unaffiliated investment managers or investment platforms (collectively "Independent Managers") for all or a portion of a Client's investment portfolio, based on the Client's needs and objectives. In such instances, the Client will be required to authorize and enter into an investment management agreement with an Independent Manager that defines the terms in which the Independent Manager will provide its services. The Advisor will perform initial and ongoing oversight and due diligence over each Independent Manager to ensure the strategy remains aligned with Clients investment objectives and overall best interests. The Advisor will also assist the Client in the development of the initial policy recommendations and managing the ongoing Client relationship. The Client, prior to entering into an agreement with an Independent Manager, will be provided with the Independent Manager's Form ADV Part 2A - Disclosure Brochure (or a brochure that makes the appropriate disclosures).

At no time will Lifeworks Advisors accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

Financial Planning and Consulting Services

Lifeworks Advisors will typically provide a variety of financial planning and consulting services to Clients, as part of its wealth management services or on a stand-alone basis, pursuant to a written financial planning agreement. Services are comprehensive in nature, which allows the Advisor to view the Client's finances holistically to address several areas of a Client's financial situation, depending on their goals and objectives. Generally, such financial planning services involve creating a solution focused approach to financial planning designed to allow the Client to make an informed decision about investment planning, retirement planning, personal savings, education savings, insurance needs, and other areas of a Client's financial situation.

Lifeworks Advisors believes financial planning is an integral portion of a Client's approach to investment and wealth management and the services that Lifeworks Advisors provides encompasses the development of a course of activity or specific actions to be taken by the Client and the ongoing monitoring of such activities to ensure they continue to meet the Client's goals and objectives. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

In addition, Lifeworks Advisors may work with the Client's accountant, attorney or other specialists, as appropriate for their unique situation. By working with this network of skilled professionals, the Advisor leverages these unique

insights to provide solutions that comprehensively addresses the Client's financial situation and helps to reach their goals and objectives.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction[s] through the Advisor.

Lifeworks Advisors provides retirement plan advisory services on behalf of the retirement plans (each a "Plan") and the company (the "Plan Sponsor"). The Advisor's retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Including these fees into a single asset-based fee is considered a "Wrap Fee Program". The Advisor customizes its investment management services for its Clients. Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more

or less in total fees than if the Client paid its own transaction fees. Please see Appendix 1 – Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

As of December 31, 2020, Lifeworks Advisors manages \$ \$122,426,284 in Client assets, \$101,518,586 of which are managed on a discretionary basis and \$ 20,907,698 on a non-discretionary basis. Clients may request more current information at any time from the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Wealth Management Services

Wealth management fees are paid monthly, in advance of each month, pursuant to the terms of the agreement. Wealth management fees are based on the market value of assets under management at the end of prior month. Wealth management fees range up to 1.50% annually based on several factors, including: the complexity of the services to be provided, the level of assets to be managed, and the overall relationship with the Advisor.

Wealth management fees in the first month of service are prorated from the inception date of the account[s] to the end of the month. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Lifeworks Advisors will be independently valued by the Custodian. Lifeworks Advisors will not have the authority or responsibility to value portfolio securities.

Use of Independent Managers

As noted in Item 4, the Advisor will implement all or a portion of a Client's investment portfolio utilizing one or more Independent Managers. To eliminate any conflict of interest, the Advisor does not earn any compensation from an Independent Manager. The Advisor will only earn its investment advisory fee as described above. Independent Managers typically do not offer any fee discounts but may have a breakpoint schedule which will reduce the fee with an increased level of assets placed under management with an Independent Manager. The terms of such fee arrangements are included in the Independent Manager's disclosure brochure and applicable contract[s] with the Independent Manager. The total blended fee, including the Advisor's fee and the Independent Manager's fee, will not exceed 2.00% annually.

Financial Planning and Consulting Services

Ongoing Services – Lifeworks Advisors offers financial planning and consulting services for an annual financial planning fee ranging up to \$30,000 based on the on the nature and complexity of the services to be provided and the overall relationship with the Advisor. Annual financial planning fees are billed either monthly (annual fee divided by 12) or quarterly (annual fee divided by 4) ("Billing Period"), in advance of each Billing Period, pursuant to the terms of the agreement. *An estimate for total costs will be determined prior to establishing the advisory relationship.*

Project-based Services – Lifeworks Advisors offers financial planning and consulting services for a fixed fee ranging up to \$30,000. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total costs will be determined prior to establishing the advisory relationship.

Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged either an annual asset-based fee of up to 0.80% or for an annual fixed fee ranging up to \$30,000, pursuant to the terms of the retirement plan advisory agreement. Asset-based retirement plan advisory fees are billed either monthly or quarterly ("Billing Period"), in advance of each Billing Period and are based on the market value of assets under management at the end of the prior month or quarter. Fixed retirement plan advisory fees are in advance of each Billing Period. Fees may be negotiable depending on the size and complexity of the Plan.

B. Fee Billing

Wealth Management Services

Wealth management fees are calculated by the Advisor or its delegate and are invoiced to the client, or deducted from the Client's account[s] at the Custodian. For fees deducted from the Client's account at the Custodian, the Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the month. The amount due is calculated by applying the monthly rate to the total assets under management with Lifeworks Advisors at the end of the prior month. The monthly rate is determined by dividing the number of days in the month by the number of days in the year and is then multiplied by the annual rate. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Lifeworks Advisors to be paid directly from their account[s] held by the Custodian as part of the wealth management agreement and separate account forms provided by the Custodian.

Use of Independent Managers

For Client accounts implemented through an Independent Manager, the Advisor and the Independent Manager will each assume the responsibility for calculating and deducting their respective fees from the Client's account[s].

Financial Planning and Consulting Services

Financial planning fees for project-based services may be invoiced up to 100 percent (100%) of the expected total fee upon execution of the financial planning agreement. Financial planning fees for ongoing services are billed monthly or quarterly in advance of each Billing Period. The Advisor does not collect advance fees of \$1200 or more for services to be performed six months or more in the future.

Retirement Plan Advisory Services

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. Lifeworks Advisors includes Covered Costs as part of its overall investment advisory fee through its Wrap Fee Program. Securities transaction fees for Client-directed trades may be charged back to the Client. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure.

In addition, all fees paid to Lifeworks Advisors for wealth management services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Lifeworks Advisors, but would not receive the services provided by Lifeworks Advisors, which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Lifeworks Advisors to fully understand the

total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information. Additionally, as noted above, the Advisor will select share classes which do not have trading costs, but do have higher internal expense ratios than institutional share classes. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Wealth Management Services

Lifeworks Advisors is compensated for its wealth management services at the beginning of the month before services are rendered. Either party may terminate the wealth management agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the wealth management agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid fees from the effective date of termination to the end of the month. The Client's wealth management agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with the Independent Manager, the terms for the termination will be set forth in the respective agreements between the Client and that Independent Manager. Lifeworks Advisors will assist the Client with the termination and transition as appropriate.

Financial Planning and Consulting Services

Lifeworks Advisors requires an advance deposit as described above. Either party may terminate the financial planning agreement, at any time, by providing advance written notice to the other party. In addition, the Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for the percentage of the engagement scope completed by the Advisor. The Advisor will refund any unearned, prepaid financial planning fees from the effective date of termination to the end of the month. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services Fees

Lifeworks Advisors is compensated for its services at the beginning of the Billing Period before advisory services are rendered. Either party may request to terminate the retirement plan advisory agreement, at any time, by providing advance written notice to the other party. The Client shall be responsible for retirement plan advisory fees up to and including the effective date of termination. The Advisor will refund any unearned, prepaid retirement plan advisory fees from the effective date of termination to the end of the month or quarter. The Client's retirement plan advisory agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Lifeworks Advisors does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

Lifeworks Advisors does not charge performance-based fees for its investment advisory services. The fees charged by Lifeworks Advisors are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

Lifeworks Advisors does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Lifeworks Advisors offers investment advisory services to individuals, high net worth individuals, charitable organizations, trusts, estates and pension and profit-sharing plans and businesses. The amount of each type of Client is available on the Advisor's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Lifeworks Advisors generally does not impose a minimum relationship size.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Lifeworks Advisors primarily employs a research based methodology for investing, which includes assessing the Client's risk tolerance, financial capacity and wealth to build a customized portfolio. Lifeworks also utilizes fundamental analysis using a macro top down approach to analyze different asset classes and then a bottom up analysis on each individual security or fund in the Client's portfolio. Lifeworks is agnostic to current trends, fads, or the newest strategies being used in the market. Lifeworks uses math and macro data research to evaluate the historical performance of an asset and test assumptions about the expected risk adjusted return of an asset for future years.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Lifeworks Advisors will be able to accurately predict such a reoccurrence.

Charting analysis utilizes various market indicators as investment selection criteria. These criteria are generally pricing trends that may indicate movement in the markets. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the technical and charting analysis may lose value and may have negative investment performance. The Advisor monitors these market indicators to determine if adjustments to strategic allocations are appropriate.

As noted above, Lifeworks Advisors generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Lifeworks Advisors will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Lifeworks Advisors may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Lifeworks Advisors will assist Clients in determining an

appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment approach:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Short Sales

A short sale involves the sale of a security that the Client does not own in the hope of purchasing the same security at a later date at a lower price. To make delivery to the buyer, the Client must borrow the security and is obligated to return the security to the lender, which is accomplished by a later purchase of the security. The Client realizes a profit or a loss as a result of a short sale if the price of the security decreases or increases respectively between the date of the short sale and the date on which the Client covers its short position, i.e., purchases the security to replace the borrowed security. A short sale involves the theoretically unlimited risk of an increase in the market price of the security that would result in a theoretically unlimited loss.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs have a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a

mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

Securities laws require an advisor to disclose any instances where the Advisor or its Advisory Persons have been found liable in a legal, regulatory, civil or arbitration matter that alleges violation of securities and other statutes; fraud; false statements or omissions; theft, embezzlement or wrongful taking of property; bribery, forgery, counterfeiting, or extortion; and/or dishonest, unfair or unethical practices. **There are no legal, regulatory, civil or disciplinary events involving Lifeworks Advisors or its management persons.**

Lifeworks Advisors values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor and its Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 288255.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Agency Affiliations

Certain Advisory Persons of Lifeworks Advisors are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from an Advisory Person's role with Lifeworks Advisors. As insurance professionals, the Advisory Person will receive customary commissions and other related revenues from the various insurance companies whose products are sold. The Advisory Person is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by the Advisory Persons the Advisor.

Use of Independent Managers

As noted in Item 4, the Advisor may implement all or a portion of a Client's investment portfolio with one or more Independent Managers. The Advisor does not receive any compensation nor does this present a material conflict of interest. The Advisor will only earn its investment advisory fee as described in Item 5.A.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Lifeworks Advisors has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with Lifeworks Advisors ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to the Client. Lifeworks Advisors and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Lifeworks Advisors' Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address Supervised Persons ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (616) 200-6512.

B. Personal Trading with Material Interest

Lifeworks Advisors allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Lifeworks Advisors does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Lifeworks Advisors does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Lifeworks Advisors allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclose to Clients and mitigate through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Lifeworks Advisors requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO"). The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Lifeworks Advisors allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterward. **At no time will Lifeworks Advisors, or any Supervised Person of Lifeworks Advisors, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Lifeworks Advisors does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Lifeworks Advisors to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Lifeworks Advisors does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Lifeworks Advisors does not exercise discretion over the selection of the Custodian, it may recommend Custodian[s] to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian/broker-dealer not recommended by Lifeworks Advisors. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. Lifeworks Advisors may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation and/or the location of the Custodian's offices.

Lifeworks Advisors will generally recommend that Clients establish their account[s] with TD Ameritrade Institutional, a division of TD Ameritrade Inc. ("TD Ameritrade") or Apex Clearing Corporation ("Apex Clearing"). Both TD Ameritrade and Apex Clearing are FINRA-registered broker-dealers and members SIPC and will serve as the Client's "qualified custodian". Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker/dealers/custodians whereby an advisor enters into an agreement to place security trades a broker/dealer/custodian in exchange for research and other

services. Lifeworks Advisors does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. **However, the Advisor receives certain economic benefits from the Custodian[s]. Please see Item 14 below.**

2. Brokerage Referrals - Lifeworks Advisors does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis”, where Lifeworks Advisors will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor’s own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client’s account[s]). Lifeworks Advisors will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Lifeworks Advisors will execute its transactions through the Custodian as authorized by the Client.

Lifeworks Advisors may aggregate orders in a block trade or trades when securities are purchased or sold through the same Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients’ accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Kurt Van Dyken, Chief Compliance Officer of Lifeworks Advisors. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client’s request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account[s]. The Client is encouraged to notify Lifeworks Advisors if changes occur in the Client’s personal financial situation that might adversely affect the Client’s investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian’s website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client’s account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Lifeworks Advisors

Lifeworks Advisors does not receive commissions or other compensation from product sponsors, broker-dealers or any un-related third party, except as detailed in Item 10 above. Lifeworks Advisors may refer Clients on a non-compensated basis to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Lifeworks Advisors may receive non-compensated referrals of new Clients from various third-parties.

B. Client Referrals from Solicitors

Lifeworks Advisors does not engage paid solicitors for Client referrals.

C. Participation in Institutional Advisor Platform

Institutional Platform Relationship – TD Ameritrade

As disclosed under Item 12, above, the Advisor participates in TD Ameritrade's institutional customer program and the Advisor may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between the Advisor's participation in the program and the investment advice it gives to its Clients, although the Advisor receives economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving the Advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to the Advisor by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by the Advisor's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit the Advisor but may not benefit its Client accounts. These products or services may assist the Advisor in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help the Advisor manage and further develop its business enterprise. The benefits received by the Advisor or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to clients, the Advisor endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by the Advisor or its related persons in and of itself creates a conflict of interest and may indirectly influence the Advisor's choice of TD Ameritrade for custody and brokerage services.

Institutional Platform Relationship – Apex Clearing

Lifeworks Advisors has established an institutional relationship with Apex Clearing ("Custodian") to assist the Advisor in managing Client account[s]. Access to the Apex Clearing platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Apex Clearing. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

Item 15 – Custody

Lifeworks Advisors does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees and certain money movement authority as described below. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and

securities and direct Lifeworks Advisors to utilize the Custodian for the Client's securities transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Lifeworks Advisors to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

Lifeworks Advisors generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Lifeworks Advisors. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Lifeworks Advisors will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Lifeworks Advisors does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Lifeworks Advisors, nor its management, have any adverse financial situations that would reasonably impair the ability of Lifeworks Advisors to meet all obligations to its Clients. Neither Lifeworks Advisors, nor any of its Supervised Persons, have been subject to a bankruptcy or financial compromise. Lifeworks Advisors is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.

Item 4 – Services Fees and Compensation

A. Services

Lifeworks Advisors provides customized investment advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the Lifeworks Advisors Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting Lifeworks Advisors as your investment advisor.

As part of the investment advisory fees noted in Item 5 of the Disclosure Brochure, Lifeworks Advisors includes, in addition to securities transaction fees for certain mutual funds, custodial costs, administrative fees, fees for options contracts, fees for alternatives, and other fees and expenses (herein “Covered Costs”) as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”. The Advisor’s recommended Custodians do not charge securities transaction fees for ETF and equity trades in a Client’s account, provided that the account meets the terms and conditions of the Custodian’s brokerage requirements. However, the Custodians typically charge for mutual funds and other types of investments. The Advisor sponsors the Lifeworks Advisors Wrap Fee Program.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of Covered Costs into a single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the Lifeworks Advisors Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on Lifeworks Advisors’s investment philosophy and related services.**

B. Program Costs

Advisory services provided by Lifeworks Advisors are offered in a wrap fee structure whereby Covered Costs are included in the overall investment advisory fee paid to Lifeworks Advisors. As the level of trading in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the Covered Costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity in the Client’s account[s]. A Wrap Fee structure has a conflict of interest as the Advisor has an incentive to limit the number of trades placed in the Client’s account[s] or to utilize securities that do not have transaction fees. As noted above, the Advisor’s recommended Custodian does not charge securities transaction fees for ETF and equity trades in Client accounts, but typically charges for mutual funds and other types of investments. As such, the Advisor is incentivized to utilize ETFs and other equity securities to limit the overall cost to the Advisor. The Advisor will only place Client assets into a Wrap Fee Program when it is believed to be in the Client’s best interest.

Lifeworks Advisors will select, recommend and/or retain mutual funds on a fund by fund basis. Due to specific custodial and/or mutual fund company constraints, material tax consideration, and/or systematic investment plans, Lifeworks Advisors will select, recommend and/or retain a mutual fund share class that does not have trading costs, but do have higher internal expense ratios than institutional share classes. Lifeworks Advisors will seek to select the lowest cost share class available that is in the best interest of each Client and will ensure the selection aligns with the Client’s financial objectives and stated investment guidelines. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

C. Fees

Wealth management fees are paid monthly, in advance of each month, pursuant to the terms of the agreement. Wealth management fees are based on the market value of assets under management at the end of prior month. Wealth management fees range up to 1.50% annually based on several factors, including: the complexity of the services to be provided, the level of assets to be managed, and the overall relationship with the Advisor.

Wealth management fees in the first month of service are prorated from the inception date of the account[s] to the end of the month. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Lifeworks Advisors will be independently valued by the Custodian. Lifeworks Advisors will not have the authority or responsibility to value portfolio securities.

As noted above, the Wrap Fee Program includes Covered Costs incurred in connection with the discretionary wealth management services provided by Lifeworks Advisors, as part of its overall investment advisory fee. In addition, all fees paid to Lifeworks Advisors for wealth management services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. Securities transaction fees for Client-directed trades will be charged back to the Client. In connection with the discretionary wealth management services provided by Lifeworks Advisors, the Client will incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer fees, fees for trades executed away from the Custodian and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by Lifeworks Advisors to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

D. Compensation

Lifeworks Advisors is the sponsor and portfolio manager of this Wrap Fee Program. Lifeworks Advisors receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays the Covered Costs associated with the management of the Client's account[s].

Item 5 – Account Requirements and Types of Clients

Lifeworks Advisors offers investment advisory services to individuals, high net worth individuals, pension and profit sharing plans, and businesses. Lifeworks Advisors generally does not impose a minimum relationship size. Please see Item 7 – Types of Clients in the Disclosure Brochure for additional information.

Item 6 – Portfolio Manager Selection and Evaluation

Portfolio Manager Selection

Lifeworks Advisors serves as sponsor and as portfolio manager for the services under this Wrap Fee Program.

Related Persons

Lifeworks Advisors personnel serve as portfolio managers for this Wrap Fee Program. Lifeworks Advisors does not serve as a portfolio manager for any third-party wrap fee programs. This may cause a conflict of interest as the Advisor may be incentivized to not trade regularly. When placing trades in Client accounts, no consideration is given as to whether the client is in this Wrap Fee Program. The only portfolio managers that participate in the Wrap Fee Program are personnel of Lifeworks Advisors.

Performance-Based Fees

Lifeworks Advisors does not charge performance-based fees.

Supervised Persons

Lifeworks Advisors Advisory Persons serve as portfolio managers for all accounts, including the services described in this Wrap Fee Program Brochure. Details of the advisory services provided are included in Item 4.A. of the Disclosure Brochure.

Methods of Analysis

Please see Item 8 of the Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on the research and analysis methods employed by the Advisor.

Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Lifeworks Advisors will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Proxy Voting

Lifeworks Advisors does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 7 – Client Information Provided to Portfolio Managers

Lifeworks Advisors is the sponsor and sole portfolio manager for the Program. The Advisor does not share Client information with other portfolio managers because it is the sole portfolio manager for this Wrap Fee Program. A portion of assets may be managed by an unaffiliated money manager, where Client information will be shared with other portfolio managers. Please also see the Lifeworks Advisors Privacy Policy (included after this Wrap Fee Program Brochure).

Item 8 – Client Contact with Portfolio Managers

Lifeworks Advisors is a full-service investment management advisory firm. Clients always have direct access to the Portfolio Managers at Lifeworks Advisors. Client's also have the ability to reach out to Independent Managers for any direct inquiries.

Item 9 – Additional Information

B. Code of Ethics, Review of Accounts, Client Referrals, and Financial Information

Lifeworks Advisors has implemented a Code of Ethics that defines the Advisor's fiduciary commitment to each Client. This Code of Ethics applies to all persons subject to Lifeworks Advisors's compliance program ("Supervised Persons"). Complete details on the Lifeworks Advisors Code of Ethics can be found under Item 11 – Code of Ethics, Participation in Client Transactions and Personal Trading in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

Review of Accounts

Securities in Client accounts are monitored on a regular and continuous basis by Advisory Persons of Lifeworks Advisors under the supervision of its Chief Compliance Officer ("CCO"), Kurt Van Dyken. Details of the review policies and practices are provided in Item 13 of the Form ADV Part 2A – Disclosure Brochure.

Other Compensation

Institutional Platform Relationship – TD Ameritrade

As disclosed under Item 12, above, the Advisor participates in TD Ameritrade's institutional customer program and the Advisor may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between the Advisor's participation in the program and the investment advice it gives to its Clients, although the Advisor receives economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving the Advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to the Advisor by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by the Advisor's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit the Advisor but may not benefit its Client accounts. These products or services may assist the Advisor in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help the Advisor manage and further develop its business enterprise. The benefits received by the Advisor or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to clients, the Advisor endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by the Advisor or its related persons in and of itself creates a conflict of interest and may indirectly influence the Advisor's choice of TD Ameritrade for custody and brokerage services.

Institutional Platform Relationship – Apex Clearing

Lifeworks Advisors has established an institutional relationship with Apex Clearing ("Custodian") to assist the Advisor in managing Client account[s]. Access to the Apex Clearing platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Apex Clearing. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of

economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

Please see Item 14 – Other Compensation in the Form ADV Part 2A – Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on additional compensation that may be received by Lifeworks Advisors or its Advisory Persons. Each Advisory Person's Brochure Supplement (also included with this Wrap Fee Program Brochure) provides details on any outside business activities and the associated compensation.

Client Referrals from Solicitors

Lifeworks Advisors does not engage paid solicitors for Client referrals.

Financial Information

Neither Lifeworks Advisors, nor its management has any adverse financial situations that would reasonably impair the ability of Lifeworks Advisors to meet all obligations to its Clients. Neither Lifeworks Advisors, nor any of its Advisory Persons, has been subject to a bankruptcy or financial compromise. The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP® (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP® Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 71,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- ***Education*** – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP® Board’s studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor’s Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP® Board’s financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- ***Examination*** – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real world circumstances;

- *Experience* – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- *Ethics* – Agree to be bound by CFP® Board’s *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- *Continuing Education* – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- *Ethics* – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP® Board’s enforcement process, which could result in suspension or permanent revocation of their CFP® certification.
